Internal Archive for Easy Recall

PolyVision brings simplicity to a world of complicated technology with Impulse™ LTX Multimedia Whiteboard System.

Be Impulsive

Capture the energy of spontaneous collaboration. The Impulse System enables users to instantly dive into the task at hand – simply walk up and begin writing with no advance preparation required. Press a button to save your work to the System's internal archive, to save to a floppy diskette, or to print your notes in color.

Total Recall

When your group meets again to review your previous session, simply plug in

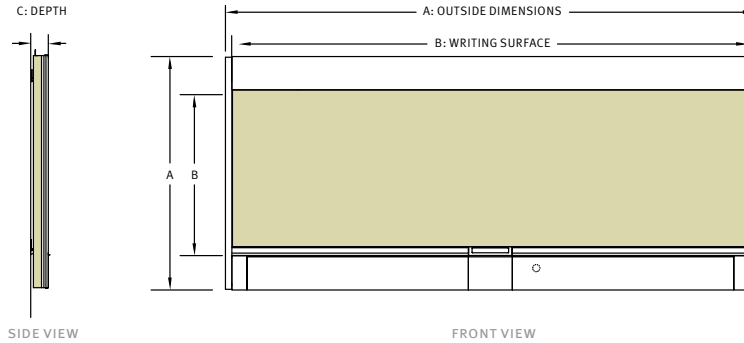

a projector and recall the notes you saved to the internal archive. As your original ideas evolve, annotate over your previous capture and re-save for the next review.

Present like a Pro

When it's time to share the ideas from your sessions in a more formal manner, just plug your PC into the System and launch your presentation. The Impulse System does not require any special software to talk to your PC, enabling anyone to share any time, using any PC.

Impulse LTX Multimedia Whiteboard System: Go ahead, be impulsive.

POLYVISION
A Steelcase Company

System Features

Durable PolyVision *P³ ceramicsteel* surface

Power Requirements

120/240 VAC, 50-60 Hz, 120W in-line power supply provided.

Certification

UL, CE, FCC Class A, TUV, Bluetooth certified

Control Panel

- Single button allows direct capture to printer, diskette, or built-in Web server and internal archive
- Includes 3.5" high-density floppy diskette drive
- Floppy diskette holds approximately 14 captures of writing or 4 captures with projected displays

Built-in Web Server

- Web server holds approximately 1000 images of writing or 100 captures with projected displays
- Images can be accessed from anywhere on LAN using standard web browser
- Images are retained even if power is lost
- Supports fixed IP addressing or DHCP protocol and DNS

Printer

- Ethernet-enabled inkjet color printer (included)

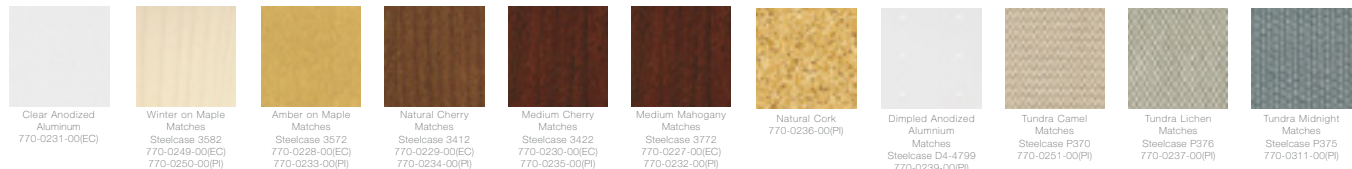

Pens and Erasers

- Black, red, green, and blue stylus markers have optically encoded collars
- Each marker also works as a pointing stylus
- Large 8.5" x 2.25" (215mm x 57mm) rectangular-shaped eraser

Warranty

- One year manufacturer's warranty on printer
- Two year warranty on all other electronics and mechanical parts
- Lifetime warranty on *P³ ceramicsteel* writing surface
- Extended warranties and on-site service plans available
